PROFESSIONAL SUMMARY

Full Stack Developer with 5+ years of experience building scalable, responsive, and high-performance web applications. Skilled in modern frontend and backend technologies with expertise in developing user-focused digital solutions, API integrations, database management, and cloud deployment. Passionate about creating clean, efficient, and impactful web experiences.

PROFESSIONAL EXPERIENCE

Senior MERN Stack Developer

Omni Fusions

Jun 2024 – Present | Karachi

- Architected and scaled full-stack MERN applications serving 10,000+ active users with high-performance, responsive interfaces.
- Led development of complex REST/GraphQL APIs and microservices, reducing backend response times by 35% through optimization and caching strategies.
- Mentored junior developers and drove code quality standards across projects through code reviews, architecture planning, and best practices implementation.

Full Stack Developer

Aimviz pvt ltd

Mar 2021 – May 2024 | Karachi

- Designed and developed scalable full-stack web applications across frontend, backend, and database layers for diverse business use cases.
- Built and integrated secure REST APIs, third-party services, and cloud-based infrastructure to deliver high-performance digital products.
- Collaborated with cross-functional teams to translate business requirements into maintainable, production-ready solutions while improving development workflows.

Junior Developer

Innovatrix Tech

Jan 2019 – Jan 2021 | Karachi

- Assisted in developing and maintaining responsive full-stack web applications across frontend and backend systems.
- Collaborated with senior developers to build REST APIs, debug issues, and implement new product features.
- Contributed to code reviews, testing, and optimization efforts while continuously improving development skills and best practices.
